

Index to Volume 53 of MAYO CLINIC PROCEEDINGS

- Abboud CF, 641
- Academic cardiology, grayed of; editorial, 411
- Accessory splenectomy in management of recurrent idiopathic thrombocytopenic purpura, 442
- Accuracy of antibody-coated bacteria test in recurrent urinary tract infections, 651
- Acid, uric, metabolism in normal and toxemic pregnancy, 743
- Acquisition cardiac blood-pool isotope imaging, multiple-gated; evaluation of left ventricular function correlated with contrast angiography, 625
- Acute central retinal artery occlusion, treatment of, 408
- Acute leukemia and its complications; editorial, 260
- Acute lymphocytic leukemia, hypothalamic syndrome in children with, 217
- Acute myelomonocytic leukemia after irradiation and chemotherapy for Ewing's sarcoma, 757
- Adam Hunter: recognizing coronary heart disease; selected historical vignettes from period of William Harvey (1578-1657) to Adam Hunter (1818-1878), 811
- Adenoid cystic carcinoma (cylindroma), pericardial reconstruction of membranous trachea after resection of, 808
- Adenoma: pituitary, in Olmsted County, Minnesota, 1935-1977; report of increasing incidence of diagnosis in women of child-bearing age, 641
- transphenoidal removal of pituitary microadenoma in Cushing's disease, 24
- Adenopathy: extreme leukemic leukocytosis (blast crisis) in childhood, 207
- Adrenal steroids: fractionation of urinary ketosteroids; procedure and clinical significance; series on clinical testing, 601
- Ahmam DL, 221
- Airways, obstructive disease of, associated with stage I sarcoidosis, 788
- Akwari OE, 353
- Alpha₁-antitrypsin phenotype, roentgenographic study of chronic obstructive pulmonary disease by, 166
- Amputation: herpes zoster reactivation of phantom limb pain, 336
- Amyotrophic lateral sclerosis, rehabilitation techniques for patients with, 173
- Anderson CF, 775
- Anemia: deferrioxamine-chelatable iron in hemochromatosis and other disorders of iron overload, 157
- Aneurysms: intracranial bypass grafts for vertebral-basilar ischemia, 12
- Angina, Prinzmetal's variant—response to verapamil, 256
- Angiocardiography: double-outlet right ventricle; anatomic and angiocardiographic correlations, 555
- Angiography: multiple-gated acquisition cardiac blood-pool isotope imaging; evaluation of left ventricular function correlated with contrast angiography, 625
- Angiotensin: renovascular hypertension; relationship of surgical curability to renin-angiotensin activity, 373
- Anhalt JP, 651
- Animal models of human diseases; editorial, 195
- Annegers JF, 432, 641
- Anoxic arrest and ventricular fibrillation, myocardial ultrastructural changes after experimental, 519
- Antagonist, receptor: rationale for use of cimetidine in pancreatic insufficiency, 79
- Antagonists, H₂-receptor, in perspective, 184
- Antibiotics: hematogenous osteomyelitis at uncommon sites in children, 707
- Antibodies: recurrent Goodpasture's syndrome, 533
- Antibody measurements, diagnostic usefulness of specific IgE, 459
- Anticoagulants: guidelines for management of transient ischemic attacks, 665
- Antigenic prothrombin: prothrombin Quick; newly identified dysprothrombinemia, 29
- Antigens, HLA, in patients with juvenile diabetes and their first-degree relatives, 782
- Antithyroid drugs: transient hyperthyroidism in patients with lymphocytic thyroiditis, 359
- Aortocoronary bypass: imaging platelet deposition with ¹¹¹In-labeled platelets in coronary artery bypass grafts in dogs, 327
- Arnaud CD, 701
- Arnold PG, 54
- Arrest, circulatory, and cerebral hypothermia; review and commentary, 450
- Arterial blood pressure: role of venous system in circulatory control, 247
- Arteriovenous malformation, surgical treatment of congenital pelvic, 607
- Arthritis: prospective analysis of psoriatic in patients hospitalized for psoriasis, 511
- psoriatic; editorial, 542
- rest therapy for rheumatoid, 141
- rheumatoid, and rest; editorial, 195
- Ascites, fatal disseminated intravascular coagulation after peritoneovenous shunt for intractable, 526
- Aspirin, effect on prevention of coronary and cerebrovascular disease in patients with rheumatoid arthritis; a long-term follow-up study, 581
- Asymptomatic primary biliary cirrhosis; presentation, histology, and results with dipenicillamine, 587
- Atherosclerosis: pathogenesis of; concepts based on animal models, 35
- serum lipids and lipoproteins in the young; editorial, 340
- Atresia, echocardiographic spectrum of tricuspid, 100
- Atrial myxoma: left, simulating peripheral vasculitis, 752
- unusual echocardiographic findings in patient with left, 469
- Autogenous bone grafting: chondrosarcoma of manubrium; resection and reconstruction with pectoralis major muscle, 54
- • —
- Bacteria test, accuracy of antibody-coated, in recurrent urinary tract infections, 651
- Bacteriology: *Cardiobacterium hominis* endocarditis; four cases with clinical and laboratory observations, 49
- meningitis due to group C streptococci in an adult, 529
- Baggenstoss AH, 157
- Baldus WP, 157, 403, 526
- Barrett's esophagus occurring as complication of scleroderma, 612
- Bartholomew LG, 526
- Basement membrane: recurrent Goodpasture's syndrome, 533
- Beart RW Jr, 442, 526
- Becker GP, 625
- Bed rest: rest therapy for rheumatoid arthritis, 141
- Bernatz PE, 607
- Bianco AJ, 707
- Bile acid breath test, clinical value of; evaluation of Mayo Clinic experience, 227
- Biliary cirrhosis: asymptomatic primary; presentation, histology, and results with dipenicillamine, 587
- plasmapheresis for treatment of intractable pruritus of cholestasis, 403
- Blast cells: extreme leukemic leukocytosis (blast crisis) in childhood, 207
- Bleeding: idiopathic pulmonary hemosiderosis; two cases in family, 113
- Blood: ultrastructural studies of platelets of von Willebrand and normal swine, 179
- Blood bank, recent experience in large; hemolytic transfusion reaction, 378
- Blood circulation: role of venous system in circulatory control, 247
- William Harvey and convergence of medicine and science, 234
- Blood disease: accessory splenectomy in management of recurrent idiopathic thrombocytopenic purpura, 442
- hematologic (cytopenic) manifestations of Wilson's disease (hepatolenticular degeneration), 498

- primary thrombocythemia in the young patient, 578
- Blood lipids: serum lipids and lipoproteins in the young; editorial, 340
- Blood pressure: pathogenesis of atherosclerosis; concepts based on animal models, 35
- Blood vessels: intraventricular hemorrhages in full-term and premature infants, 437
- Bone disease: trends and variability in survival from osteosarcoma, 695
- Bone graft: chondrosarcoma of manubrium; resection and reconstruction with pectoralis major muscle, 54
- Bone scan, value of preoperative radionuclide in suspected primary breast carcinoma, 221

BOOK BY MAYO CLINIC AUTHORS

Emmett's Clinical Urography: An Atlas and Textbook of Roentgenologic Diagnosis (in 3 vols), by David M. Witten, George H. Myers, Jr., and David C. Utz (reviewed by C. V. Hodges), 688

Borkowski JJ, 487

Bowel disease, inflammatory, colonic cancer in; editorial, 474

Bowie EJW, 179

Brachial plexus injuries; review, 799

Bradley SL, 332

Brain cooling: cerebral hypothermia and circulatory arrest; review and commentary, 450

Brain disorders: contribution of electroencephalogram in monitoring cardiac dysrhythmias, 119

Brennan LA Jr, 373

Brewer NS, 332

Bronchi: pericardial reconstruction of membranous trachea after resection of adenoid cystic carcinoma (cylindroma), 808

Bronchogenic carcinoma: needle in haystack; editorial, 616

in Olmsted County, Minnesota, 1935-1974, incidence, trend, and outcome of, 432

Bronchoscopy: fiberoptic, to localize early bronchogenic carcinoma, detection of hematoxylin fluorescence during, 594

obstructive disease of airways associated with stage I sarcoidosis, 788

Brown ML, 625

Brown RD, 373

Brzica SM Jr, 378

Burgert EO Jr, 207, 212, 217, 538, 757

Bypass grafts, intracranial, for vertebral-basilar ischemia, 12

Bypass surgery: platelet imaging; editorial, 341

Calcium: primary hyperparathyroidism with multiple parathyroid gland enlargement; review of 53 cases, 792

Callahan JA, 256

Cameron AJ, 612

Campbell JK, 12

Cancer: epidemiology of renal and ureteral, in Rochester, Minnesota, 1950-1974, with special reference to clinical and pathologic features, 503

leukemia in Olmsted County, Minnesota, 1965-1974, 714

in neck without obvious source, 644

pituitary adenoma in Olmsted County, Minnesota, 1935-1977; report of increasing incidence of diagnosis in women of child-bearing age, 641

Carcinoma: detection of hematoxylin fluorescence during fiberoptic bronchoscopy to localize early bronchogenic, 594

needle in haystack; editorial, 616

in Olmsted County, Minnesota, 1935-1974, incidence, trend, and outcome of bronchogenic, 432

pericardial reconstruction of membranous trachea after resection of adenoid cystic carcinoma (cylindroma), 808

value of preoperative radionuclide bone scan in suspected primary breast, 221

Cardiac blood-pool isotope imaging, multiplegated acquisition; evaluation of left ventricular function correlated with contrast angiography, 625

Cardiac disease: isotope imaging of heart; editorial, 683

pulmonary function in mitral stenosis, 321

thrombotic occlusion of Hancock conduit due to severe dehydration after Fontan operation, 397

Cardiac structure: two-dimensional real-time ultrasonic imaging of heart and great vessels; technique, image orientation, structure identification, and validation, 271

Cardiobacterium hominis endocarditis; four cases with clinical and laboratory observations, 49

Cardiology, graying of academic; editorial, 411

Carotid artery: intracranial bypass grafts for vertebral-basilar ischemia, 12

Carpenter PC, 24, 601

Carr DT, 432

Carter JW, 146

Catheterization, ureteral: accuracy of antibody-coated bacteria test in recurrent urinary tract infections, 651

Central nervous system: hypothalamic syndrome in children with acute lymphocytic leukemia, 217

- Central retinal artery occlusion, treatment of acute, 408
- Cerebral hypothermia and circulatory arrest; review and commentary, 450
- Chemotherapy: hypertrophic osteoarthropathy in association with pulmonary metastasis from osteogenic sarcoma, 538 and irradiation for Ewing's sarcoma, acute myelomonocytic leukemia after, 757 primary thrombocytopenia in the young patient, 578
- Chevalier PA, 3
- Child custody disputes, medical, psychologic, and legal aspects of, 463
